MISSION STATEMENT

Embracing the transforming power of the Gospel, Wordnet Productions communicates the Word of God to all people through the media in the spirit of the Society of the Divine Word

Slavery & Trafficking Project

24 Million enslaved in the world today; 15 thousand in the US yearly!

Wordnet received a grant to do a mini-documentary on slavery and trafficking in today's world. CAST (Coalition Against Slavery and Trafficking) invited us to their offices for interviews of survivors and staff members. We then went to the Center for Democracy to attend a

reading of a play on Trafficking. Fr. Soney taped segments of the play for the video as well. It is difficult to believe that each year 15,000 (!) people are trafficked in the United States each year. World-wide there are now more enslaved persons than ever before in history! ◀▶

BISHOP DEL REIGO AT WORDNET STUDIOS

On Monday, December 21, Bishop Rutilio del Riego came to our Studio to tape a message for the Walk for Life held on January 23. The walk raised funds for "the Gabriel Project, which spreads awareness of life-giving hope and healing for those hurt by abortion, provides Natural Family Planning education and advocates for issues of human life and dignity."

This is the second time that the Diocese has made use of the studio. We are happy to share our state-of-the-art equipment and staff provided by our donors and viewers, i.e., YOU! Go Life! ◀▶

15 FACES OF GOD!

Doubleday is publishing Fr. Mike's new book entitled **15 Faces of God** on March 2nd! Here's what one reviewer had to say about it:

There are times in our lives, and especially in the life of our country, when we are all enduring unusual stress. At such times, there are special gifts that come along which provide a glimmer of hope, of comfort, of strength, in the realization that, even though times are bleak, there is reason to hope. One of those gifts is a book entitled, "Fifteen Faces of God," by Michael Manning. He is a gifted writer and has the gentle ability to reach into the human heart, especially the hurting heart, and bring comfort and healing and hope, a hope that comes from the reality that God is nearby, and that in spite of what some cynics may say, he does enter into our lives and delicately arranges things so we find ourselves on a peaceful, sunny shore, far from the troubled waters where we were sure we would drown. I know many of us will benefit greatly from peering into the mind and heart of Jesus while reading this book.

Fr. Joseph F. Girzone, Author

In addition, these apps are global in appeal. So his messages will be heard throughout the world. What a modern and wonderful way to spread the Good News.
