Pilgrims to the Holy Land

Fortysix pilgrims visited the Holy Land in March with Wordnet.

It is six o'clock in the morning and Jerusalem is beginning another morning in its LONG history of days. Our group of pilgrims left their hotel to start the day with the way of the cross before the crowds converge. It is quiet, peaceful and we are "shushed" by the monks as we

gather in their courtyard to begin our procession along the Via Dolorosa. The garbage collectors are out, the dogs stir, Father Joe begins reading the first Station of the cross: "Jesus is condemned to death" and we set off on Jesus' painful route, each taking turns to carry the cross part of the way.

FORMER WORDNET PRODUCER TO RECEIVE GABRIEL AWARD

Sister Diane Buckman, SSND, one of Wordnet Production's former producers, is being recognized by the Catholic Academy of Communication Arts Professionals with a GABRIEL AWARD for her documentary on Sister Dorothy Slang, SNDdeN, "Angel of the Amazon"!

"Father Mike was extremely instrumental in guiding me in this television ministry," Sister acknowledged. "I consider this award as much his as mine."

The Gabriel Award seeks to be a resource of professional service, support and education for Catholic communication arts professionals. Its primary goal is to support members communicating religious messages today.

Congratulations, Sister Diane, on this wonderful accomplishment!

LIFE ANOTHER WAY

Our interview with Carl Keller aired on the 4th of May, 2011 and was especially interesting. Embryonic stem cell research has been in the news a great deal, but have you heard about adult stem cell use or non-embryonic stem cell research?

Carl Keller is using another way to help heal people by using their own cells to regenerate their bodies in whatever way that body is wounded. It is almost too much to believe. Through this interview

by Fr. Mike, Carl explains in simple terms what a stem cell is, and how doctors can stimulate regrowth through a person's own cellular material. It might sound complicated but it can be very simple.

The beautiful thing about Carl's explanation is that he gives it a deep spiritual dimension. God created us with the "blood of life" and that blood can now help cure us of our many ills. In the interview, Carl speaks of Susan Stafford, former co-host of WHEEL OF FORTUNE, who has had her own stem cells injected into her body and is now so much better. She speaks of it in her own autobiography: "Stop the Wheel I Want to Get Off."

IRA Charitable Rollover

The Pension Protection Act of 2006 (PPA) permitted individuals to rollover up to \$100,000 from an individual retirement account (IRA) directly to a qualifying charity without recognizing the assets transferred to the qualifying charity as income. This initial provision expired on December 31, 2007, but has been extended once again for this year of 2011.

What is an IRA charitable rollover?

The provision uses the term "qualified charitable distribution" to describe an IRA charitable rollover. This is money that individuals who are 70-1/2 years or older may direct from their traditional IRA to eligible charitable organizations. The provision has a cap of \$100,000 for charitable distributions from individual IRAs each year. Individuals may exclude the amount distributed directly to an eligible charity from their gross income. Wordnet Catholic Television is eligible and would be delighted to partner with you before the end of this calendar year!
